

## I. DISPOSICIONES GENERALES

### MINISTERIO DE ECONOMÍA Y HACIENDA

**20471** *Orden EHA/3551/2011, de 13 de diciembre, por la que se aprueban los precios medios de venta aplicables en la gestión del Impuesto sobre Transmisiones Patrimoniales y Actos Jurídicos Documentados, Impuesto sobre Sucesiones y Donaciones e Impuesto Especial sobre Determinados Medios de Transporte.*

El artículo 57 de la Ley 58/2003, de 17 de diciembre, General Tributaria, establece como uno de los medios para la comprobación de valores el de precios medios en el mercado, que se ha considerado como idóneo para la comprobación de valores de los medios privados de transporte, aprobándose para cada ejercicio una Orden del Ministerio de Economía y Hacienda en la que se han recogido los precios en el mercado no sólo de los automóviles de turismo, vehículos todo terreno y motocicletas, sino también los de las embarcaciones de recreo.

En aplicación de lo anterior, la Orden de 30 de enero de 1987 aprobó los precios medios de venta utilizables como medio de comprobación, tanto en el Impuesto sobre Transmisiones Patrimoniales y Actos Jurídicos Documentados como en el entonces Impuesto General sobre las Sucesiones. Dichos precios medios de venta han venido siendo actualizados para los diferentes años por sucesivas Órdenes del Ministerio de Economía y Hacienda. La última actualización realizada se ha llevado a efecto por la Orden EHA 3334/2010, de 16 de diciembre, en la que se establecía, como se hace en esta Orden, que los precios medios de venta pudieran utilizarse como medios de comprobación del Impuesto Especial sobre Determinados Medios de Transporte.

En el mismo sentido, la Orden de 4 de julio de 2001, por la que se aprueba el modelo de declaración-liquidación que debe utilizarse en las transmisiones de determinados medios de transportes usados sujetas al Impuesto sobre Transmisiones Patrimoniales y Actos Jurídicos Documentados, establece que para la práctica de la liquidación se podrán tomar en cuenta los precios medios de venta establecidos anualmente en Orden Ministerial.

Para la elaboración de las tablas de modelos y precios se han utilizado las publicaciones de las asociaciones de fabricantes y vendedores de medios de transporte, así como las indicaciones y observaciones sobre nuevos vehículos y sobre los anteriores de los propios fabricantes.

Esta Orden mantiene la tabla de porcentajes de depreciación contenida en el anexo IV de la Orden de 15 de diciembre de 1998, por considerar que sigue siendo adecuada a la realidad del mercado del automóvil y a la depreciación que sufren los vehículos.

Se incluyen bajo un mismo encabezamiento los datos técnicos correspondientes a los vehículos, con la potencia expresada en kilovatios (Kw), y, para los vehículos comercializados desde enero de 2008, el nivel de emisiones de CO<sub>2</sub>, expresada en gramos por kilómetro (gr/km). Como en años anteriores, se mantiene también como dato identificativo de los modelos la potencia de los motores en caballos de vapor (CV), por ser datos de carácter comercial y general que sirven para identificar algunos de los modelos de automóviles. Asimismo, se mantiene, como otro elemento para diferenciar algunos modelos de automóviles, cuya denominación se mantiene a lo largo del tiempo, el periodo de su comercialización, dado que algunos vehículos, aun siendo diferentes, mantienen el mismo nombre comercial durante un gran número de años. A su vez, los precios medios de los diversos tipos de motocicletas se siguen diferenciando en función del tamaño de su motor, expresado mediante los centímetros cúbicos del mismo, elevando las cuantías de las de mayor cilindrada, dado que mantienen a lo largo del tiempo un mayor valor de mercado.

Como el año anterior, en lo que se refiere al Impuesto Especial sobre Determinados Medios de Transporte, para adecuar dicha valoración a los criterios de la Unión Europea, se establece la fórmula que elimina del valor de mercado, a efectos de dicho impuesto, la imposición indirecta ya soportada por el vehículo usado de que se trate.

Por todo lo anterior procede actualizar para el año 2012 los precios medios de venta y los porcentajes aplicables a los mismos.

En su virtud, dispongo:

**Artículo 1.** *Tablas de precios medios aplicables.*

Las tablas que figuran en los anexos I, II, III, y IV de la Orden EHA 3334/2010, de 16 de diciembre, quedan sustituidas a todos los efectos por las que se recogen en los anexos I, II, III y IV de esta Orden.

**Artículo 2.** *Ámbito de aplicación de los precios medios de venta.*

Los precios medios de venta, que se aprueban por esta disposición, serán utilizables como medios de comprobación a los efectos del Impuesto sobre Transmisiones Patrimoniales y Actos Jurídicos Documentados, Impuesto sobre Sucesiones y Donaciones e Impuesto Especial sobre Determinados Medios de Transporte.

**Artículo 3.** *Determinación del valor de los vehículos de turismo, todo terrenos y motocicletas.*

Para la determinación del valor de los vehículos de turismo, todo terrenos y motocicletas ya matriculados se aplicarán sobre los precios medios, que figuran en el anexo I de esta Orden, los porcentajes que correspondan, según los años de utilización y, en su caso, actividad del vehículo, establecidos en la tabla e instrucciones que se recogen en el anexo IV de esta Orden.

**Artículo 4.** *Determinación del valor de las embarcaciones de recreo y motores marinos.*

La fijación del valor de las embarcaciones de recreo y motores marinos se efectuará valorando separadamente el buque sin motor y la motorización, para lo cual se tomarán los valores consignados en los anexos II y III de esta Orden, aplicándoseles los porcentajes de la tabla incluida en el anexo III de esta Orden, según los años de utilización, y sumando posteriormente los valores actualizados para obtener el valor total de la embarcación.

**Artículo 5.** *Regla especial para la determinación del valor a los efectos del Impuesto Especial sobre Determinados Medios de Transporte.*

En lo que se refiere al Impuesto Especial sobre Determinados Medios de Transporte, se aplicarán las siguientes reglas:

**Primera.**

A los precios medios que figuran en los anexos I, II y III de esta Orden se le aplicarán los porcentajes que corresponda, según los años de utilización y, en su caso, actividad del vehículo, establecidos en la tabla e instrucciones que se recogen en el anexo IV de esta Orden.

**Segunda.**

Cuando se trate de medios de transporte que hubieran estado previamente matriculados en el extranjero y que sean objeto de primera matriculación definitiva en España teniendo la condición de usados, del valor de mercado calculado teniendo en cuenta lo señalado en la regla primera anterior, se minorará, en la medida en que

estuviera incluido en el mismo, el importe residual de las cuotas de los impuestos indirectos. Para ello se podrá utilizar la siguiente fórmula:

$$BI = \frac{VM}{1 + (\text{tipo}_{IVA} + \text{tipo}_{IEDMT} + \text{tipos}_{OTROS})}$$

Donde:

BI: Base imponible de medios de transporte usados en el Impuesto Especial sobre Determinados Medios de Transporte.

VM: Valor de mercado determinado por tablas de precios medios tras la aplicación de los porcentajes del anexo IV.

tipo<sub>IVA</sub>: Tipo impositivo, en tanto por uno, del Impuesto sobre el Valor Añadido que habría sido exigible en el momento de la primera matriculación y en el ámbito territorial en que ahora se vaya a matricular en España ese medio de transporte.

tipo<sub>IEDMT</sub>: Tipo impositivo, en tanto por uno, del Impuesto Especial sobre Determinados Medios de Transporte que habría sido exigible en el momento de la primera matriculación y en el ámbito territorial en que ahora se vaya a matricular en España ese medio de transporte.

tipos<sub>OTROS</sub>: Resultado de sumar los tipos impositivos, en tanto por uno, de cualesquiera otros impuestos indirectos que hayan gravado la adquisición del medio de transporte, y que estén incluidos en el valor de mercado.

Disposición final única. *Entrada en vigor.*

Esta Orden entrará en vigor el día 1 de enero del año 2012.

Madrid, 13 de diciembre de 2011.—La Vicepresidenta del Gobierno de Asuntos Económicos y Ministra de Economía y Hacienda, Elena Salgado Méndez.

**ANEXO III**  
**MOTORES MARINOS**

Valoración base del motor marino con su posible transmisión (fuera borda, intra borda, fuera-intra borda).  
Por unidad de potencia mecánica real ( CV ó kw ), según combustible:

	Gasolina (Euros/C.V. real)	Diesel (Euros/C.V. real)
	Hasta 50 C.V ..... Por cada C.V. más.....	42,07 27,05

	Gasolina (Euros/ KW real)	Diesel (Euros/KW real)
	Hasta 37 KW ..... Por cada KW más.....	56,86 36,80

En las embarcaciones se procederá a valorar por separado el buque sin motor y la motorización.

El valor consignado en la relación es el correspondiente al del barco sin motorización y servirá de base para la actualización según los porcentajes de valoración en función de la antigüedad en cada caso, según sean embarcaciones a vela o a motor.

El valor base de la motorización, complementaria en el caso de embarcaciones a vela y fundamental en las embarcaciones a motor, se obtendrá, según la valoración base del motor marino, actualizándolo según los porcentajes de valoración en función de la antigüedad del equipo propulsor en cada caso.

El valor actualizado total se obtiene por la suma de los valores actualizados de embarcaciones sin motor y motores marinos obtenidos anteriormente.

Porcentajes de valoración determinados en función de los años de utilización a aplicar a los precios medios fijados por el Ministerio de Economía y Hacienda para embarcaciones y motores marinos:

Años de uso	Embarcaciones (sin motor)		Motores marinos con su transmisión
